**MANUFACTURING**

Fresh thinking creates new opportunities to streamline process, costs and timelines through innovative design and manufacturing approaches.

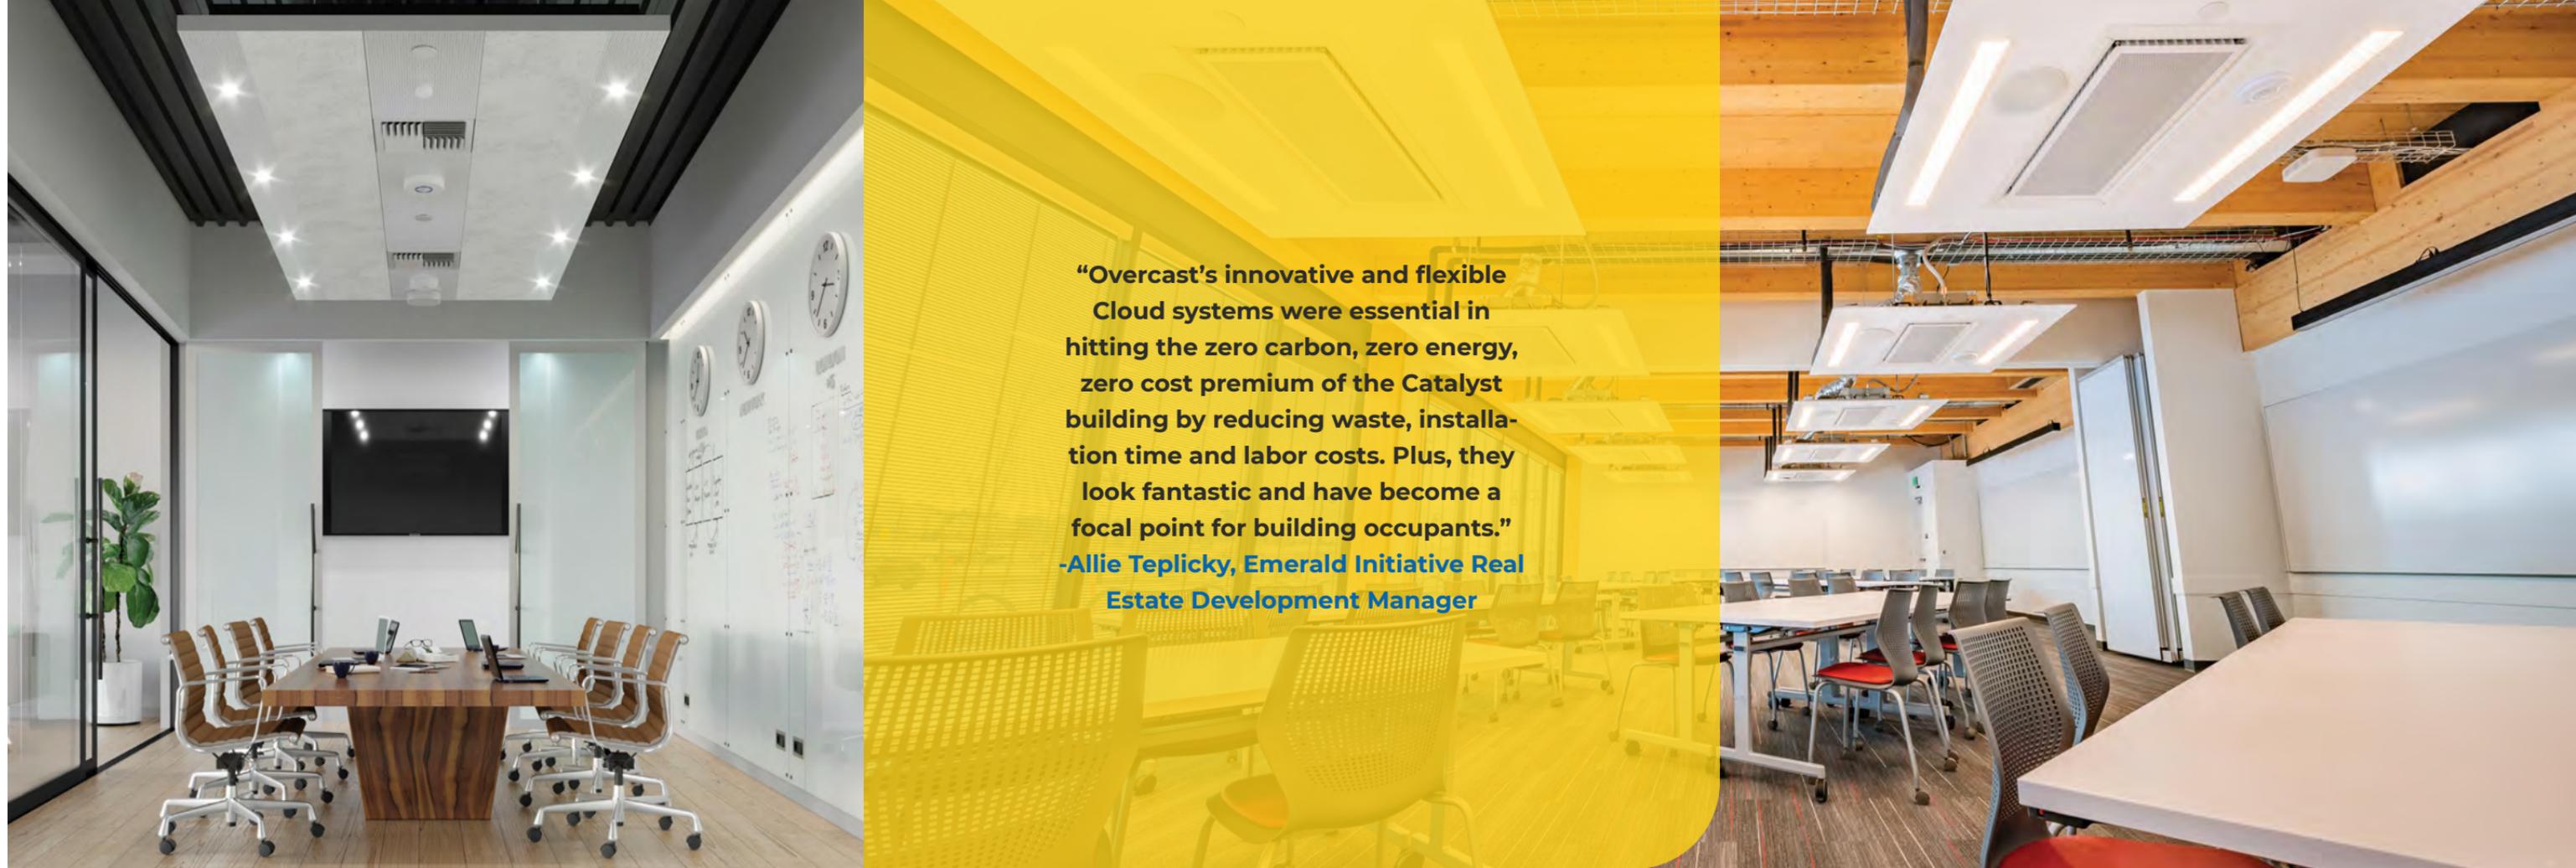

**Modular by design, Cloud ceiling appliances offer long term flexibility as space needs change, Clouds can be modified and updated over time.**

## HIGHER EDUCATION SOLUTIONS

**We are clearly at the front edge of a bold and exciting shift that is accelerating.**

**“Overcast’s innovative and flexible Cloud systems were essential in hitting the zero carbon, zero energy, zero cost premium of the Catalyst building by reducing waste, installation time and labor costs. Plus, they look fantastic and have become a focal point for building occupants.”**

**-Allie Teplicky, Emerald Initiative Real Estate Development Manager**

## HEALTHCARE AND LAB SOLUTIONS

## VALUES:

- >PUT PEOPLE FIRST
- >BUILD TRUSTED PARTNERSHIPS
- >BE CONSTANTLY CURIOUS
- >MAKE A POSITIVE DIFFERENCE

Overcast Innovations rose from a need to make buildings more intelligent, sustainable and affordable. We are compelled by our values to meet that challenge head on.

# MANUFACTURING

Overcast Innovations attacks inefficiency and waste at every stage of the building design, construction, and operations lifecycle.

We dive deep to understand your project's design intent, goals, building function requirements and performance expectations.

**Buildings are getting more complicated all the time, and we want to see which parts we can deliver more efficiently.**

**TOGETHER BUILDING A**

**THRIVING PLANET**
